February 2016

It is time. We are preparing to return to our roles in Papua New Guinea. We have thoroughly enjoyed our time in the States on Home assignment. It has been wonderful to reconnect with so many, make new friends and share our stories of our time in PNG. It will be sad to say good bye again but we hope to stay in touch with many of you through the conveniences of the internet. Plus it is always nice to get snail mail even half way around the world....hint..... :)

Our roles of telephone technician and nurse are still waiting for us on the Center. We pray we will be able to fulfill our jobs and be an asset to the community of missionaries and Papua New Guineans who live there assisting with the work of Bible translation. We continue to hear good reports of what God is doing through His newly translated Kandawo Bible. We have shared their dedication videos in many of our presentations. The latest report from the translators "45 humbled themselves before God in repentance with some turning to Jesus for the first time".

We are grateful to all who partner with us in prayer, correspondence and financially to make it possible for us to be obedient to God's instructions to us. We do not take your involvement in our "Pettygrove progress" lightly. THANK YOU! We are thankful to our Lord and provider for our Wycliffe monthly budget being fully funded. We have some onetime costs to raise but we continue to rest that need in God's hands. God is Good.
