

July 22 2017

We are back to the main center in PNG. We were very busy in Alotau but it was great to see the staff there again. We have come back to our regular work at the clinic and in the telephone dept. Jodi studies are continuing.

A great opportunity was finalized for us a week before I went to Alotau. I am just now having the time to write about it. Through the generous gift of a partner, Jodi and I were able to make a down payment on a house in our center. We are making direct personal payments to the young couple that owned the house before. Through this gift, our payments are the same as rent for center housing.

Having a house here means that we when we return to PNG we will have a home to come back too. Our center is getting full and renters have to move frequently as people come and go.

We are here: -6.338526, 145.882753

God is good to give us what we need.

Jay and Jodi
